PROFESSIONAL EXPERIENCE

First Response Healthcare **Sept 2025 – Mar 2026**
Program Executive *Dubai, UAE*

- Transalate business requirements to **3 digitally transformed applications** practicing **Agile** methodologies, and using tools like **Python-Django (Backend)** and **MongoDB (Database), AWS (Deploy changes)** and necessary **APIs** to run the platform **24/7.**
- **Coordinated with Developers, DevOps & UI/UX engineer,** while tracking the progress via **Jira/Google Sheets (Sprint cycles)** & **Sentry (Platform error logging).** Facilitating **UAT** and final sign off.
- Designed a **KPI and MIS** measurement dashboard with **5 metrics** but only took **5 minutes to report, instead of 48 hours**, and **helped reduce operational costs (Approx AED 24,000/year)**. Additionally using **BI tools (Excel & Tableau)** to present the data to senior leadership.
- Followed a **structured A/B test** on **3 flows** that led to an engagement uplift of approximately **15% in 6 weeks** and resulted in a product change recommendation.
- **Automated call centre workflows** (**Ziwo & Respond.io**) using **Zapier** which eliminated manual entry and processed **150+ monthly leads**. Making data available for **marketing & budgeting analysis**.

First Response Healthcare **Jan 2025 – Jul 2025**
Digital Transformation & Operations Intern *Dubai, UAE*

- Supported **market entry** and **go to market analysis** across **3 verticals** and helped launch the health at home app **Drect**, which has been covered by various media outlets for its iOS and Android platform.
- Analyse a structured approach to **restore complete data modules** across **production database** by correcting corrupted data.
- Initiated the **digitisation of 80% of manual effort for 30 clinical workflows** into structured process documentation**.**
- Created an **8 Vendor evaluation matrix** for the procurement of Business development application.

ECS – Enterprise Change Specialist **Jun 2023 – Aug 2023**
Digital Transformation Intern *Dubai, UAE*

- Assocaited with **Business Process Transformation and CRM advisory** for various client industries, working directly with consultants to capture workflow and match technology solutions to business requirements.
- Document & improve processes for **4 client accounts**, and created industry to solution mapping in over **20 prospects**.
